UK Dye Sublimation Lanyard

Sizes available: 900 x 20mm

We can accept artwork by disk, email or you can upload onto our FTP site. Please contact us for details.

Programs:

Mac: QuarkXpress 7, Illustrator, PhotoShop, and Adobe In Design.

PC: PhotoShop and Adobe InDesign

Please supply us with:

Finished version of the artwork. All of the source files used to create the finished version, including all high resolution scans, all screen and printer fonts Label the disk with job title and return address.

All artwork supplied must be fully editable. The finished version should be supplied as a CYMK file (plus spot colour separations.) Please note text must be no smaller than 8pt and reversed out text should preferably be larger and in bold. Emailed artwork must be clearly labelled with your order number and company name in the reference line, or supplied on CD with the same information clearly marked. 4 colour process artwork needs to be 300dpi or higher.

Dye sublimation printed designs need a 2mm bleed and live matter must be 3mm from the edge of the lanyard, to ensure a crisp print quality.

QR Codes - Please note that the print process and substrates used in the production of this item may not always allow QR codes, if present on your artwork, to function correctly. When approving your proof, you are accepting that this may be the case and as such accept full liability for any malfunction of the QR code.

Please see following pages for attachment options.

See the following page(s) for the artwork templates for this product.
