

Savile Row Corporate Face Mask

Using superior quality cloths and designed for user comfort and style; the Savile Row Corporate is handmade in the UK by the Cad & the Dandy's expert tailors based on London's prestigious Savile Row. The outer surface of the mask can be completely branded with a stunning full colour print and is finished with a Cad & The Dandy embroidered tag. 100% machine washable with a soft, breathable, anti-microbial cotton inner liner. Supplied with two PM2.5 filters, beautifully packed into an individual gift box. As a final personal touch, a signed gift card is inserted by the tailor who made your mask.

Recommendations and Limitations

Non medical face mask. Wash before each use. Not suitable for use as medical personal protective equipment.

Ideal For: Slowing the transmission of disease

Savile Row Corporate Face Mask

Sizes available: TBC

Full colour:

- All graphics should be supplied as high resolution CMYK files at a minimum of 300dpi
- All design components must be supplied and clearly identified. This includes Tiff, EPS and PDF files; all printer fonts used in the main file & imported graphics.

Regardless of print method:

- Allow 10mm bleed all around the design.
- Artwork to be emailed with your order number and company name in the reference line or supplied on CD with same information clearly labelled.

If reversing text out of a solid background: Dye sub print gives more problems with bleed so avoid fine typefaces. Set text in bold. Minimum point size 12.

Tints: Minimum of 10% difference between tint values to give a visual contrast. Printable range of 20% to 80%.

Scans: Low-resolution scans produce poor print. 600 dpi minimum for best results. Ensure scans have no colour cast. The print process will exaggerate the slightest contamination.

Full detailed guidelines including limitations & recommendations are available for each printing method on request.

QR Codes - Please note that the print process and substrates used in the production of this item may not always allow QR codes, if present on your artwork, to function correctly. When approving your proof, you are accepting that this may be the case and as such accept full liability for any malfunction of the QR code.
